

SCHIZOPHRENIA

Because many of you are not familiar with this topic, this may hard to understand it. But I will try to explain detail as much as I can.

When I heard "Schizophrenia" for the first time was 9 years ago in bible study. During that time we studied about deliverance in detail. Beside of bible study, Kevin and I studied more on that subject through the Frank Hammond book which is called Pigs in the Parlor.

Some study shows that in these modern days over 80 to 90% of people are suffering with Schizophrenia even though the degree may differ.

The word of God is like spiritual mirror.

Until the revelation of God enlightens us and until we see ourselves through His light, we can't change even though how much we may try.

Some of us might try to change, but every effort that you might try didn't work. I am not suggesting that this is "THE" solution of your problem, but in my experience as this revelation was enlightened little by little through His light, I could understand myself better and I could resist my demonic tendency that was formed in me for a long time.

Schizophrenia def. - disturbance, distortion or disintegrated development of personality

Every individual has their own personality, but in schizophrenia their personalities are disturbed, distorted or disintegrated which means their personality have never developed because of demonic interference.

Demon wants to control you until you have no personality of your own so that you manifest demonic personality. Schizophrenia is demonic personality.

Scripturally, Jas 1:8

"[For being as he is] a man of two minds (hesitating, dubious, irresolute), [he is] unstable *and* unreliable *and* uncertain about everything [he thinks, feels, decides]." (AMP)

Schizophrenia is unstable. They are unstable because they have double-minded.

Schizophrenia in Greek means two souls. Your soul has mind, will and emotion. It's your personality. Its how you think and act is in your soul.

Bible says that if you have two soul or two personalities, you are unstable. In other words, they have never developed stable personality.

Your mind think and your will decide and your feeling is where emotion is.

The revelation of Schizophrenia was given to deliverance minister Frank Hammond's wife Ida Hammond. He and his wife were ministering one sister. How hard they tried, soon they came back to the point where they started. Even though sister who was receiving ministry was eager to be set free, it was useless.

While they were struggling with this demon, the revelation came from God to Ida Hammond's dream. God said to her, "No longer call her Sarah. Call her Sarah 1 and Sarah 2 for she has more than one personality."

Each hand represents two or dual within the schizophrenia. But neither of these two personality is real self or real person. They are tightly interlocked.

These two personalities must be separated in order to cast out. And the process requires time, a lot of time.

Demons always locked together and draw strength to one another.

These two spirits are **Rejection** and **Rebellion**.

A person is rejected, that person gets rebellious because rebellion is trying to get attention to be loved.

Rejection draw strength from rebellion and rebellion draw strength from rejection. That is why they are stick together.

To cast out is giving it up which is the deliverance part. A person who is delivered must let those things go. They must fall out of agreement and give it up.

We can cast out rebellion out of you and commend it to go, but until you let it go, you will never get truly delivered. This principle is applies in all deliverance situations.

Schizophrenia is not the one time deliverance.

Why it takes long time to be delivered?

Because a person needs time to discover that much of his/her personality is not himself/herself.

I have seen and met many people who had schizophrenic personality. I once had this kind of personality even though degree may differ from some serious cases.

Before I go further, I want to tell you, "Don't try to discern others with the knowledge that you are about to study. Discern and examine yourself first and get delivered."

Also don't accuse each others with diagnose as schizophrenia. The purpose of this teaching is to help you to see yourself and set you free if you have any.

**You must be set free before you help others.
Unless you experience, the knowledge is merely literal word itself.
Knowledge itself contains no power to change lives.**

The real person is neither of the "hands". The "Real Self" is shown in the illustration between the hands, at the bottom.

Jesus must start growing in the person, developing that personality, and making it what He wants it to be.

This is why the schizophrenic deliverance requires time - sometimes several months or even a year, or longer.

The deliverance must work in balance with the development of the "Real Self".

It cannot be rushed, for there is nothing for the person to fall back upon. If every demon in the schizophrenic person were suddenly cast out he would feel totally lost. Identity with the "Real Self" requires time.

As the schizophrenic nature is knocked out, the true personality must come forth to replace it.

He must be willing to fall out of agreement with the demons and to break old habit patterns.

That is why a person needs to time to adjust to fall out of agreement with demon personalities point by point. **A person has to loathe and hate schizophrenic**

personalities.

Amos 3:3 "Do two walk together unless they have agreed to do so?"

Schizophrenic personality does not be formed accidentally.

A certain event that causes you to feel rejected and if you accept the incident as rejection, whether you intended or not, a spirit of rejection goes into to your soul.

Accepting as rejection means agreement with that spirit to come into you legally and allow it to form demonic personalities in you.

Fall out of the agreement is the principle before you get delivered.

You must hate it so much so you have to let it go. If you loathe something, you would not keep it. You would not tolerate any second, so you would throw right away. Unless you hate spirit that causes you to sin, you can never be delivered.

Just saying, "I know. I am trying." is not enough!!!
You must have so much hatred toward the sin.

Demonic spirit may influence you to sin, but it's you to choose to sin.

As you fall out of agreement with each spirits, fingers in the picture will be disengaged which illustrates pulling off demonic personalities.

The middle fingers which are rejection and rebellion are core spirit of schizophrenia.

When these two are separated a person can finally consider him as delivered and know his real self.

All these spirits that are shown in the picture are the spirits that work together with schizophrenia.

Left Hand : Withdrawn/ introvert personality

Middle finger - Rejection is always to open the door to schizophrenia. Fear of rejection and self- rejection are working together with spirit of rejection.

Ring finger - When a person is rejected it opens the door for lust, because lust is a desire for love. Lust is Satan's counterfeit for true love. Satan has a person who has been rejected and has not received love and grabs that person with sensual pleasure.

As a matter of fact, most lust is rooted from rejection. When you are rejected you want someone to love so badly so you jump into bed with someone. And it opens a door for perversion and all kinds of lust.

Because a person was not loved when he was a child or did not receive any attention from his parents, lust comes in. Lust never satisfies a person so he/she ends up with hurt because there is no commitment.

**There is no commitment in lustful relationship.
It is only bonded with sensual pleasure.**

Lust weds to the world.

A companion spirit in this group is Fantasy Lust which may cause the person to imagine he is some great lover of the motion picture world or to fantasy sexual experiences, as a prelude to overt acts. The harlotry spirit in women may first manifest itself in dress and provocativeness.

Inordinate affection for animals:

Because you starve for love you would cling to anything for love. Some people get love from their dog than people. That is why some people leave their fortune to their dog.

Little finger – Insecurity and Inferiority make you to feel little.

The little finger on the left hand represents insecurity and inferiority. This is yet another manifestation of rejection.

Index finger – self-accusation.

When a person is rejected they blame themselves.

This demon causes a person to turn against himself and tears down his sense of personal worth. In most cases "self-accusation" is coupled with a "compulsion to confess".

Compulsion to confess is also called "Tell all spirit":

It's seeking attention, correction and punishment. People who have schizophrenic personality have a tendency of COMPULSIVE CONFESSION. They always tell you everything that they did wrong, because they are

seeking attention. They want somebody to notice them by saying with something that you don't need to know.

Thumb – Spirit of jealousy and envious.

When someone is rejected they are jealousy and envious whoever receives attention.

And down to the hand is common spirit of schizophrenia.

SELF-PITY (They sigh themselves)

DEPRESSION

SUICIDE

GUILT

PERFECTION SPIRIT: When a person is rejected they tend to think, "If I am perfect, people would accept me." But the problem is whether how much you are perfect or not, everyone is not going to like you.

Jesus was a perfect man, but people killed him!

Perfection is the spirit. It's nothing wrong with being perfectionism as long as you don't drive people to crazy.

When a person has a perfectionist spirit, a moment something goes wrong, they can't handle it.

PRIDE: It makes you to feel good about yourself.

They think that they are better than others. It makes them to feel good and it is Satan's counterfeit, but it is just great bondage along with

VANITY, EGO

WITHDRAW

FANTASY

VERY SENSITIVE

TALKATIVE

FEARS

You can have rejected, but not have schizophrenia. It is all matter whether you developed a demonic personality or not.

If enemy can set up this demonic personality in early of your life, your real self cannot be developed.

Right Hand: Extrovert personality

When you deal with schizophrenic personality, you deal with two personalities.

This person can be depressed, lonely, self-pity and say that no one cares about them and feel inferior for one week and next week same person gets angry and rebellious and stubborn with outwardly personality. So you wonder what is wrong with this individual or what is wrong with me?

The problem is demonic!

Middle Finger - Rebellion

When a person is rejected, they lash out with rebellion to get attention.

When you see a person is so rebellious, you can know that person has a strong rejection issue. So don't hate them, but pray for them so that they can be set free.

However, just being rejected doesn't mean that you have a right to make excuse to be rebellious. We will pray for you, but that kind of outrageous rebellion should not be accepted nor allowed in this body of Christ.

Index finger – Instead of accusing themselves, they accuse others for everything.

Most rebellious people blame others, but themselves.

Last time I gave you my example. I blamed others for everything. It was totally right reaction for me at that time, but it wasn't.

When you accuse others, your guilt is off of you. It makes you to feel better.

**Devil always give you to feel better, but it is actually to give you more
bondage over you.**

**Devil let you proud and makes you good about yourself, but it is
bondage!**

Spirit of accusation seeks to eliminate a concentration or attention on self by
calling attention to others. The accusation demon opens the door for companion
spirits of judgmentalism.

Ring finger – It is type of lust, but lust for self.

It is selfishness and stubbornness. A person who has spirit of rebellion has strong self-will.

The ring finger on the right hand represents self-will. This demon "weds" a person to selfish desires. This opens the way for stubbornness, selfishness and unteachableness.

Little finger – Instead of having insecurity, they have self-delusion, self-deception and self-seduction. Sometimes they feel insecure and inferior, but other times they feel good themselves by self-delusion, self-deception and self-seduction.

The little finger on the right hand is self-deception. Its companions are delusion, self seduction and pride. The spirit of delusion comes along and says "You are REALLY somebody"; "You are a spiritual giant"! or some other kind of giant.

Self-deception and Self-delusion make them to feel good about themselves. They deceive themselves.

In one ministry case, the spirit of self-deception had convinced a thirteen year old girl that she was nineteen.

When a person has been rejected, control and possessiveness comes in. What happens is because they starve for love, anybody is closed to get attention than themselves, they don't want anybody to talk.

Some of cases of schizophrenic person they keep talking, because they want to be a center of attention in that conversation.

And you have another stronghold is called **Root of Bitterness**.

When a person is rejected, they become rebellious and hurt so they become bitter. Rejection experience is painful and bitter experience.

The spirits that work along with Bitterness is HATRED, RESENTMENT, VIOLENCE, UNFORGIVENESS, ANGER, RETALIATION, MURDER and MEMORY RECALL.

The spirit of Memory Recall makes you sure to remember bad experiences vividly. You can't forgive people and you can't forget what they did.

Whenever devil pushes the button, you remember somebody did years ago and it makes you to drive your bitterness to go deeper in you and it also makes a person to be paranoid.

Schizophrenic person is unable to forgive. He has an unforgiving spirit. The

root of bitterness is kept alive and out of it comes resentment, hatred, anger, retaliation, violence and murder.

One time you get JEALOUS and ENVY and another times you have SUSPICION, DISTURST, FEARS, PERSECUTION and CONFRONTATION.

When a person is schizophrenic they suspicious anybody and they get paranoid.

Thumbs of left and right represent the "Paranoid" phase of schizophrenia. On the rejection side are spirits of jealousy and envy. On the rebellion side are spirits of distrust, suspicion, fear and persecution.

There is another demon in this later group and it is called "**Confrontation with honesty at all cost.**" The person acting under the influence of paranoid demons is quite insensitive to how many wounds he causes, yet he is super-sensitive to every offence towards himself.

In the middle of these two demonic personalities, there is **Hurricane**. This is because a person who has schizophrenic always create Storm and Turmoil in their lives. Anybody who is surrounded them is like you are surrounded by storm.

The schizophrenic person continually creates "storms" around himself.

These times of storm cause the root of bitterness to form and to be driven deeper and deeper.

This person is so unstable they swing from rejection personality to rebellion personality; so many times you can't see their real personality. They are back and forth and back and forth until they live in the hurricane.

The only person who can deal with somebody who has schizophrenic is who straight arrow, stable person is.

If you have stable personality you can deal with schizophrenic people, but if you aren't stable and deal with unstable person, two are colliding and you have storm midst of storm.

So only the person who can go in and only the person who can minister is who are those who are stable enough to go into the storm and come out effectively. They would go into the storm and deal with the person and pray for the person.

When you deal with schizophrenic, you will get all of these spirits that I was already mentioned.

You will get accusation. They will be jealousy of you and envious of you. They will distrust you. They will be selfish and rebellious toward you. All those demons will attack you.

If you are not ready for this, you would say, "Forget it. That is not my problem. It's your problem."

**But it is our problem because God gave this revelation
to the church to help others.**

A person who has schizophrenic is hard to receive love.

Eg) When I got saved and every time when God said that He loved me, I didn't believe. Many times I told Him, "No. It's not true. You don't love me. Even my parents didn't love me and I didn't see anyone who loved me."

Sometimes I asked Him, "Why you keep saying, you love me? Why you say that you have a good plan for my life? WHY?"

It took me a quiet some time to believe that God loved me. Even when I got married and whenever my husband said that he loved me, I thought that he just said without any meaning. It also took me a quiet some time to believe it.

Yes, it's sad, but it is reality for a person who is suffering with schizophrenia.

How does the schizophrenic come out of this tangled mess?

The three main areas to conquer are Rejection, Rebellion and the Root of Bitterness.

As these areas are conquered the "house" (life) must be filled by

1. Giving and Receiving of LOVE
2. Submission to every valid authority
3. Forgiveness of all persons regardless of the circumstances

When these three areas are conquered, the other related spirits lose their strength.

Determination and Persistence are necessary!

The person who can persistently say, "I will be different! I will not let demons rule my life" will eventually see victory.

Between the hands at the bottom of the illustration is a little, stick figure called "The Real Self". As the deliverance takes place over a period of time, "The Real Self" must rise up and part the false schizophrenic personalities by falling out of agreement with all of their influence and all that they represent.

"The Real Self" must take on the nature of Jesus Himself!

Spiritual exercises such as Bible study, prayer, fasting, praise and fellowship with other believers is essential to a successful deliverance. These spiritual exercises will also accelerate the deliverance process as the person's life is filled with the positive things of Christ Jesus.

In order to be set free, the truth that you know must be increased. The truth that I am talking about is not LOGOS, but REMA. Just because Bible is God's written words, that doesn't mean that it's truth to you. Until Logos (God's written words) become Rema (Now words or revealed God's words), you don't have truth. Only the revealed by His light and you understood in you spirit, that is not truth to you.

The bible says that the truth that you know would set you free, not the truth that you stored in your head or the truth that you are familiar with. It's the truth that you KNOW will set you free.

What does James 1:21 says?

"Therefore get rid of all moral filth and the evil that is so prevalent and humbly accept the word planted in you, which can save you."

How can you get rid of our all moral filth and the evil?

With our own strength never get rid of it. It doesn't matter how much we try or how much we pray or how much we fast. Unless there is no word is planted in us, no matter what we do and how much we do is vain.

Apostle James says that we can get rid of all those evil things through the word that is planted in us. The word that is planted in us will set us free. So our attitude toward God's word should be humble. Humble pictures beggar. Beggar can live without help. If we still think that we can live and do with our little strength, we are not yet desperate enough like beggar.

Don't look for short or easy way, because there is none!

Without increase of Knowing Jesus, expecting to be delivered is absurd!

You also need **discipline your thought life** too.

We cannot blame devil for everything. Remember that this kind of demonic personality was formed because we agreed with demonic spirit. We must take responsibility for our own misdeeds too.

That is why we need to discipline our thought life and our action.
