

Prayer for Breaking Curses off of an Object and Blessing it

If you have reason to believe that perhaps an object may have a curse on it, it can be cleansed by praying something like this:

I break the curse that has been placed upon this _____ in the name of Jesus. I release all demons from your assignment concerning this object and I command you go to the pit never to return. I cleanse and bless this object with the blood of Jesus for my use. I now reverse all damage from this curse into blessings. I declare that satan nor his demons have any power over me or anything that belongs to me. Thank you Lord for freedom, authority and for all spiritual and natural blessings! In the name of Jesus I pray. Amen
